EPNS 2025

16th European Paediatric
Neurology Society Congress

EPNS 2025 munich

8-12 July 2025
Germany

Welcome

Paediatric Neurology is fascinating, booming and covering the edge of Medicine and Neuroscience. **Munich, Germany** is the academic leading city in Germany. **Ludwig-Maximilians-University – LMU** is one of the biggest and most successful universities

in Germany and home of One-Health-Munich, an overarching academic initiative.

We invite you to join the high-class scientific programme in Paediatric Neurology: **from A for Acute over B for Brain, Science & Health to C for Chronic** ... building our own neuropaediatric alphabet – for the children.

Professor Florian Heinen
On behalf of the Local Organising Team

Call for Abstracts

Submit your abstract online covering the field of paediatric neurology from September 2024 to January 2025: www.epns-congress.com

About EPNS

The European Paediatric Neurology Society is a thriving and growing society of more than 2,000 health professionals, scientists, and students with a clinical or research interest in Paediatric Neurology. The society promotes training, best practice in clinical care and research and lobbies for children with neurological disorders at a European level. Learn more about the EPNS at www.epns.info or contact us at info@epns.info

Target Audience

- Paediatric Neurologists
- Nurse Specialists
- Neurodisability Specialists
- Neuropsychologists
- Neurophysiologists
- Speech & Language Therapists
- Child Psychiatrists
- Industry Partners
- Geneticists
- Neuroscientists
- Adult Neurologists

Hosting City & Venue

Munich, Germany
ICM - International Congress Center Messe

Local Host Society

GNP – Gesellschaft für Neuropädiatrie
www.gesellschaft-fuer-neuropadiatrie.org

Highlight Topics

A-Acute

- Paediatric Stroke
- Status epilepticus, Status dystonicus
- Traumatic brain injury
- Migraine
- Neonatal and paediatric neurocritical care

B-Brain, Science & Health

- Artificial intelligence
- Neurogenetics
- Neuroimaging
- Neuromodulation

C-Chronic

- Care structure for children with neurological complexity
- Neurodevelopment
- Neurorehabilitation

Local Organising Team

Prof. Dr. med. Florian Heinen, Munich
PD Dr. med. Lucia Gerstl, Munich
Prof. Dr. med. Ingo Borggräfe, Munich
PD Dr. med. Katharina Vill, Munich
Prof. Dr. med. Steffen Berweck, Munich, Vogtareuth
Prof. Dr. med. Matthias Kieslich, Frankfurt
Prof. Dr. med. Thomas Lücke, Bochum
Prof. Dr. med. Maja von der Hagen, Dresden
Prof. Dr. med. Kevin Rostasy, Datteln
Prof. Dr. med. Andrea Klein, Bern (CH)
Dr. med. Michaela Baumgartner, Linz (A)
Dr. med. Folkert Fehr, Sinsheim
Prof. Dr. med. Ulrike Schara-Schmidt, Essen
